1. The following is an examiner's statement of reasons for allowance: The claims are allowable over Melchior because the Declaration under Rule 37 C.F.R. 1.132 shows better coating properties for coatings made comprising polyester polyols made from alicyclic components. The applicants' arguments that their coating examples made from a pyrazole blocked polyisocyanate show better color than those made from oxime blocked polyisocyanate of the copending application 10/222,634 overcame the double patenting rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claims 14 and 20 have been cancelled.

The word "being" of line 4 of claim 1 has been changed to "comprising".

In claim 13, line 3, the word "is" has been replaced with the phrase "further comprises".
